Technical and Commercial Conditions for Termination of Voice Traffic

Voxbone S.A. hereby publishes the following information in compliance with the obligations imposed by ANACOM on companies with significant market power in the wholesale market for call termination in fixed-line telephone networks in Portugal.

Interconnection points

The geographical points of interconnection:

1. Lisboa / Picoas :

R. Tomás Ribeiro Nº2, 1050-229 Lisboa

2. Porto / Boavista:

Rua de Agramonte, nº 246, 4150-030 Porto

R. do Bonfim, nº 490, 4300-067 Porto

Wholesale fixed network termination rate

The call termination rate on the public fixed telephone network, applicable to calls with a valid Calling Line Identity, originating nationally or in countries within the European Economic Area, is 0.07 euro cents per minute, excluding VAT.

Effective date: July 1, 2021.
